

AMADEUS IS HIRING A INTERNSHIP: CUSTOM FIELD BOOKING TRACKER FOR INTERNSHIP 6 MONTHS.

Date : 26/03/2014

**Job reference** : 2.3261-6041474

**Type of contract** : Internship

**Localisation** : Nice 06000, FR

**Contract duration** : 6 months

**Level of studies** : None

**Years of experience** : 6 months - 1 year

**Company description :**

"Amadeus is a leading provider of advanced technology solutions for the global travel industry. Customer groups include travel providers (e.g. airlines, hotels, rail and ferry operators, etc.), travel sellers (travel agencies and websites), and travel buyers (corporations and travel management companies).

The Amadeus group employs around 10,000 people worldwide, across central sites in Madrid (corporate headquarters), Nice (development) and Erding (operations), as well as 73 local Amadeus Commercial Organisations globally.

Amadeus is listed on the Spanish Stock Exchange under the symbol ""AMS.MC"" and is a component of the IBEX 35 index."

**Job description :**

The internship will take place in the Shopping Basket (SBA) department of Amadeus.

The division we belong to is responsible for developing flight related e-booking applications for airlines, all around the world, both for professional agents and end users by the means of web sites.

The SBA department is in charge of the Shopping basket component inside the booking engine. The Shopping basket is the reservation repository for the traveler, and is used to store all traveler's selections and information, prior to the booking process (shopping) and post booking process (modification/servicing).

Subject: Custom Field Booking Tracker

Custom fields are customizable fields included in traveler profile structure processed by Booking Engine and they are used to send commands in Amadeus PNR.

They are widely used in Amadeus e-Travel Management (AeTM) product, worldwide corporate self-booking tool used by thousands of major corporates all along the world.

These entries are however not retrievable from central PNR.

Goal of this Internship is to store in Database custom fields at booking time and plug their retrieval at PNR retrieve time, handling their modification.

Profiling is required to estimate performance impacts. Based on results corrective actions may be needed.

Required skills: It would be necessary to have at least basic training in UML, JAVA/J2EE and database knowledge.

Personal

**Required profile :**

Good Communications skills

Duration: 6 months

Target: Last year

Location: Nice

Technical Skills: Programming Skills: Java (J2SE, JFC,J2EE) Databases: SQL Server Communication Protocols

Standards: XML (XSL,DOM,SAX) Operating Systems: Windows
