

Title	US Freight Analyst intern (6 months +)
Division	Sales & Trading - Commodities
Location	Geneva
Starting date	ASAP
Remuneration	Yes

BTG Pactual

BTG Pactual is the leading Investment Bank in Latin America and pursues a strong worldwide expansion strategy, especially in the US, the UK, China and Switzerland. In Geneva, you will join the Agricultural Commodity Trading Division which started a year ago and now employs over 50 people.

Description

You will be in charge of modelling the US domestic freight market from scratch. In order to do so you will report to a Senior Quantitative Analyst and be involved in the whole process: literature review, data collection and development of the Supply and Demand (SnD) balance sheets to forecast tightness and price direction.

Responsibilities

- Understand transportation market
- Literature review to determine what has been done / what is already existing
- Collect data through different websites / databases – to be determined –
- Set up the SnDs
- Modeling
- Realize on-the-job studies, depending on the market needs
- Complete adhoc projects as directed by the Head of the team

Requirements

- MSc or PhD in a quantitative field
- 0-2 years of experience. Recent graduates are encouraged to apply
- Fluent English is mandatory, others languages are an asset
- Strong programming / development skills. Languages used internally: VBA, Matlab
- Solution oriented
- Communication skills with the ability to explain detailed technical information in a clear and concise manner, to a variety of audience
- Flexible and very dynamic with good interpersonal skills
- Ability to multi-task and prioritize multiple projects at all times
- Ability to work under pressure
