

International Summer School 2016

@ Beihang University

➤ Overview

Beihang University, formerly known as Beijing University of Aeronautics and Astronautics (BUAA), is a top-class science and engineering research and education institution in China. Founded in 1952, this university has played a leading role in many academic fields, such as computer science, electronics, electrical engineering and systems engineering.

Last year, we successfully ran the International Summer School 2015. More than 200 domestic and overseas students participated in this four-week program.

This year, we invited even more teachers from Beihang and other universities around the world, and approx. 60 courses will be offered from July 4 to July 29, 2016. You can get a preview of the course options on our official website:
