ONLINE TROPICAL DATA SCIENCE SCHOOL
Let's Learn

EXPERIENCE THE HEART OF TROPICS WITH REAL GIFTS SENT OVER TO YOU

EVENT DATE

29th Nov -4th Dec

TIME

Morning Session 8:00-10:30 **

Noon Session 14:00-16:30**

** Spanish Time(+7Malaysian)

WHAT YOU'LL LEARN

- The students will be able to understand data science workflow, the different roles within data science, and the application of data science to real-world problems.
- The importance of storytelling in data science and how to present your findings in a way that everyone can understand.
- Participants will know how to make sense of and diagnose data. This includes how to deal with problems in the data. You will then learn about visualization, another important tool for exploring your data and communicating your findings.
