

Tec Summer School 2022

Dear Partner:

We are happy to announce our **Tec Summer School 2022**.

Four different experiences will be offered:

iSummerMx Program (4 weeks, July 4 - 29, 2022)

Modality: in-person multicampus program

Our iSummerMx Programs are an innovative, experiential learning academic option designed for International students who love traveling and learning about new cultures while visiting different Tec de Monterrey campuses in different cities.

The program is enriched with special activities such as field trips, company visits, and networking events that will make their experience unforgettable, creating everlasting memories, exercising their intellectual curiosity, and developing entrepreneurship, innovation, and leadership skills in a multicultural setting.

This year we are offering 3 different programs fully taught in English:

Aeronautics Industry

Cities visited: Queretaro, Chihuahua, and Mexico City

Global Business

Cities visited: Mexico City, Queretaro, Leon, and Monterrey

Marketing Insights

Cities visited: Mexico City, Puebla, Queretaro, and Guadalajara
